A longtime S&A subscriber and Alliance member, Jeff joined Stansberry & Associates in 2005 after retiring from his private money management business at age 42. Jeff is one of the best traders Stansberry has ever seen and is also one of the most prolific editors on staff.

His flagship trading advisory, *S&A Short Report*, uses the same strategy Jeff has been using since 1987, when he was managing money for around 100 of California's wealthiest individuals.

Jeff's *S&A Short Report* features one of the best income-generating strategies available. Using a simple, conservative trading strategy he perfected while in the money management business, Jeff shows *Short Report* subscribers how to make large amounts of income – overnight, and throughout the year.

Jeff's *S&A Pro Trader* is Stansberry's most sophisticated options trading research service. Jeff implements his own personal strategy in his *Pro Trader* letter. Used by the best institutional traders in the world, Jeff's *S&A Pro Trader* strategy allows you to potentially make money no matter what a stock does – whether it goes up, down, or just stays the same.
